

# THE IMPACT OF SCIENTIFIC-TECHNICAL TECHNOLOGIES ON THE ENVIRONMENT. THE ECOLOGICAL-JURIDICAL SYMBIOSIS

Nicolae BUJDOIU<sup>1</sup>

**Abstract:** *The subject of this paper is centred on the environment issue as one of the fundamental concepts that lie at the basis of ecology and science. This paper makes an attempt to define and analyse the notion of environment, the ecological legislation and the impact of scientific-technical technologies on the environment.*

**Key words:** *environment, ecology, ecological legislation.*
