

# THE RELATIONSHIP BETWEEN CONTENT AND FORM IN THE MUSICAL ACT

**Petruța-Maria MĂNIUȚ<sup>1</sup>**

**Abstract:** *The relationship between form and content has been one of the most important among all the artistic acts of the humanity. The musical FORM represents the formal structure of the musical work, a structure which depends on the content and which is, a means of expression, a construction technique of the musical utterance, an architectonic scheme.*

**Keywords:** *musical form, architectonic scheme, significant content.*
